CANADA

AGE

BY SEX, CONJUGAL CONDITION, ETC.

This bulletin classifies the population of Canada by age to show the number of males and females by conjugal condition, racial origin, religious denomination, birthplace, immigration and citizenship, official language and mother tongue, and schooling, as of the Census date, June 2, 1941. It completes a series of bulletins on age issued separately for each province. The data for the provinces are given by rural and urban areas in a number of the tables appearing in these bulletins, while additional information for cities of 30,000 population and over is shown separately.

The standard lists of racial origins, religious denominations, birthplaces, etc., which appeared in Table 1 of the "A" series of the population bulletins for the provinces are shown in the provincial tables of the present series. In addition, any of the racial origins, religious denominations, birthplaces, etc., not included in these standard lists, which are numerically important in a particular province, are shown in the tables for that province.

Definition of Rural and Urban:- The term "urban" in the Census applies only to incorporated cities, towns and villages. The population of all unincorporated towns and villages is included in the rural population.

CANADA

ÂGE

PAR SEXE, ETAT CONJUGAL, ETC.

Ce bulletin classifie la population du Canada selon l'âge de façon à révéler le nombre d'hommes et de femmes selon l'état conjugal, l'origine raciale, la religion, le lieu de naissance, l'immigration et la naturalisation, la langue officielle parlée et la langue maternelle et le nombre d'années d'école à la date du recensement, le 2 juin 1941. Il complète une série de bulletins portant sur l'âge publiés pour chacune des provinces. Les données d'un certain nombre de tableaux de ces bulletins embrassent les régions rurales et les régions urbaines tandis que les renseignements supplémentaires sur les villes de 30,000 et plus sont donnés séparément.

Les listes régulières d'origines raciales, de religions, de lieux de naissance, etc., publiées dans le tableau 1 de la série A des bulletins sur la population pour les provinces sont données dans les tableaux provinciaux de la présente série. En outre, toute origine raciale, toute religion ou tout lieu de naissance, etc., ne figurant pas dans ces listes et qui a quelque importance dans une province en particulier, figure aux tableaux de cette province.

Définition de rural et urbain:- Le terme "urbain" pour les fins du recensement ne s'applique qu'aux cités, villes et villages incorporés. La population des villes et villages non incorporés figure avec la population rurale.
